

64044 Potassium Nitrite, 97 %

Chemical composition: KNO_2
CAS No: 7758-09-0
Molecular weight: 85.11

Product Specification

Appearance: white to cream or pale yellow
Assay (unspecified): 96.0 – 104.0 %
Form: crystals or powder or crystalline powder or compacted powder

Product specifications are subject to amendment and may change over time
