

# Polarshine® 5

## Technical data sheet

### Product information

Water borne polishing compound designed to remove compound swirl marks and fine sanding marks on paints and clear coats, leaving a high gloss finish. Also suitable for blending old and new paint work.

### Product advantages

- Produces a hologram free finish
- Silicone free

### Surfaces

- Clear coats
- Top coats

### Polishing machine

- Rotating 800 – 1100 rpm
- Random orbital polisher 6000-10000 rpm

### Polishing pad

- Orange foam pad
- Black foam pad

### Product properties

Polish, gloss:

### Work instruction

1. Shake or stir polishing compound before use
2. Do not use too much compound at a time. Use a small amount which is consumed on a focused area - less messing and clean up!
3. Clean thoroughly before and after polishing
4. Work focused on an area of 40x40 cm at a time
5. Polish until a scratch free surface is achieved
6. Keep the pad clean, a dirty pad causes deep swirls and scratches

### Technical specifications

Density: 1,05 kg/l  
Viscosity: 20,5 Pas  
Colour: White  
pH: 7,5 - 8,5

### Storage recommendations

Recommended storage temperature:  
15° - 25° C / 59° - 77° F  
Keep from freezing
